

# READ for the BEAD 2026 Summer Program

## Instructions

### Register

Fill out a registration form on our website or in person. We will add your name to a necklace & display it to track your progress.

### Read

Color in 1 box on the tracker form for every 20 minutes you spend reading. You will receive a bead for each box you have colored in.

### Report

Bring your tracker form to the library so we can add the beads you've earned to your necklace.

### Return

Bring your tracker form back to the library by July 31st. We will add all of the beads you've earned to your necklace and you can take it home with you.

\* 'Reading' can be reading alone or to others, being read to, or listening to audio books.

\* Single beads can be traded up for bigger/specialty beads.

\* If a child fills in an entire tracker form, they will receive all of the beads plus a special charm for their necklace. There is no limit on how many tracker forms a child can complete.
